GREEN TIMBERS

TIMBERS TO MEET THE MARKET NEEDS

At Elk Creek Forest Products we stock a large inventory of Douglas-fir timbers so we can meet the demands of various market needs. We can supply sizes from 2x4 to 24x24, in lengths 8'-40' for both surfaced and rough, in grades from #2 through Sel/Struc.

Whether it header stock or posts in commercial construction, #1/Btr "Lite-To-No-Wane" stock for retail, or #1/Btr FOHC for exposed timber fabrication, Elk Creek has inventory scale and a team of licensed graders to produce products that specifically meet individual market requirements.

It doesn't matter if it's one piece, one unit, or a consistent truckload program, Elk Creek is committed to excellence in product line and customer service.
